

Tile Tech Floor & Bath Solutions was established in 2003. We take pride in our exceptional level of professional performance and experience.

We are looking for a full time Estimator to join our team in Brockville to provide high level of customer service to our clients by providing accurate estimates for projects.

The ideal candidate will have a background in construction, engineering, or a related field and be able to analyze blueprints, specifications, and other documentation to create cost estimates. The Estimator will also be responsible for researching material costs, labor costs, and other factors that may affect the project budget. The successful candidate must be able to work independently and have excellent communication skills.

Responsibilities:

- Analyze and interpret blueprints, drawings, and specifications.
- Prepare cost estimates for construction projects.
- Perform quantity take-offs from blueprints and other documents (program supplied)
- Prepare estimates for labor, materials, and equipment costs.
- Measure & document jobsite information to be used to create an estimate
- Develop estimates for labor productivity rates.
- Provide input to project scheduling and design changes.
